

SPACECRAFT

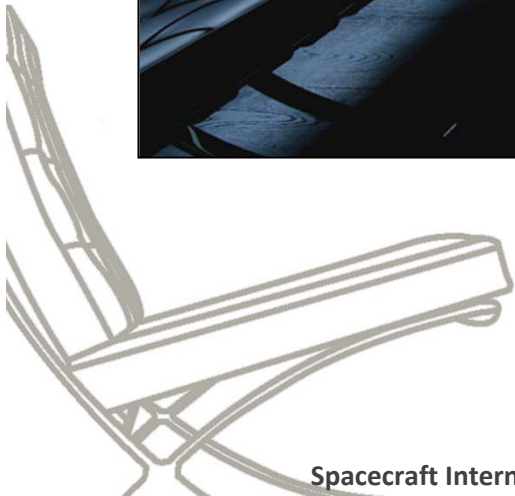

CASE STUDY

Client JH Architecture
Location Chelsea, London
Value £50k
Type Residential project, new development Eaton Mansions
Brands Knoll, Vitra, B&B Italia

The Challenge

To create an impressive showroom apartment which would appeal to discerning City professionals. The space called out for a minimal, masculine style with added interest, whilst still maintaining a fairly neutral canvas. The perfect backdrop for iconic, statement pieces.

The Solution

A combination of best-selling iconic products from the most desirable European manufacturers. A combination of a soft pallet highlighted with on-trend accent colours.

The Outcome

An apartment so beautiful, it featured on the Art and Architecture website. Needless to say, the development also featured SOLD signs very quickly...
