**Imperial College
London**

Challenge Imperial College has continuous challenges presented to them to adapt their campus spaces to the changing education environment. From specific departments looking for tailored working solutions to accommodate various aspects of research and study to communal social areas which need to attract students as well as withstand harsh wearing conditions.

Solution Our wide portfolio of manufacturers and expertise means that we can provide a range of options for the various requirements, working closely with the specific college personnel and design team. . .

SPACECRAFT

CASE STUDY

The **Solution Continued** range from functional office space to vibrant Student Union bars.

**Imperial College
London**

Outcome The College has a framework agreement with Spacecraft to provide furniture solutions throughout their 5 locations. We have successfully produced functional and effective spaces for 5 years and continue to work with the college on a daily basis...
